

## Joint Note from Board members :

The last quarter for Live Life Love Life Charity Foundation has been extremely successful. Like every quarter, many women have been screened and treated through Herceptine vaccine by NAG Foundation or the equipments financed for CIMS, but unlike every other quarter, Prayas this time, with the help of Live Life Love Life Charity Foundation, took the initiative of dubbing two hindi films on cervical cancer prevention awareness in Hindi with English subtitles to spread the word amongst more and more and Live Life Love Life Charity Foundation could not be thankful enough for being a part of such a great initiative.

We are in deep gratitude towards all our donors, who have come forward to generously donate for all these cause and also towards our beneficiaries who are doing an excellent job.

- Praful Chandawarkar and Suraj Repe

## CIMS (Care India Medical Society)

The amount donated from Live Life Love Life Charity Foundation was utilized to buy the following equipments for this & previous quarter :

- Defibrillator (for Day Care Centre For Chemotherapy) : Rs 2,24,000
- Auto Analyser (for Matruseva clinic laboratory) : Rs 1,00,000
- Cell Counter (for Matruseva clinic laboratory) : Rs 3,42,000
- Cardiac Monitor : Rs 85,000

We also humbly donated Eight Lacs (8 lacs) on 22nd March 2018 to CIMS, which is to be specifically used for free chemotherapies at Vishranti Hospital in the year ahead.

## PRAYAS HEALTH GROUP

### Prayas - Highlights for January 2018 to March 2018

#### Dubbing of the two films on cervical cancer prevention awareness in Hindi (with English subtitles)

#### Funding support: Live Life Love Life Charity Foundation

Prayas had made two films on cervical cancer prevention in Marathi with English subtitles. These films are available for viewing on the Prayas YouTube channel.

With an aim to expand the reach of these films and enable wider dissemination about cervical cancer prevention, it was decided to dub the films in Hindi. Dubbing the films in Hindi, our national language, would ensure that the films reach a large section of the audience across India, especially the Hindi speaking population, which was previously excluded because of linguistic limitations.

Live Life Love Life Foundation graciously gave the donation for the Hindi dubbing of the films on cervical cancer prevention. The dubbing was completed in March 2018.

In just a week, since the films have been uploaded for viewing, the 2 Hindi dubbed films on cervical cancer prevention have generated over 400 and 200 views respectively.

## Live Life Love Life Charity Foundation has facilitated a grant from BMC Software India Pvt Ltd to Prayas Health Group of Prayas

Since November 2016 BMC Software India Private Limited, through their CSR initiative, has supported Prayas to conduct cervical cancer screening camps in Pune city to increase awareness and to provide free cervical cancer screening to women from the low socio- economic group. BMC Software has also donated a mobile clinic van which is used as an onsite screening facility with provision for appropriate treatment in the community setting. Between April 2017 and March 2018, we have conducted 112 cervical cancer screening camps in the community and screened over 4500 women. Screen positive women were treated following the WHO guidelines.

Between Jan 2018 and March 2018 alone, Prayas has conducted 36 cervical cancer screening camps and 1520 women have been screened and about 39 women have been treated for a positive screening test using the WHO guidelines.

**We humbly donated Seven Lacs (7 lacs) on 22nd March'2018 to Prayas, which is to be specifically used for colorectal screening camps to be carried in the year ahead.**

## NAG Foundation

**Nag Foundation has also been a part of Live Life Love Life Charity Foundation and have treated 12 patients this quarter with the Herceptin injections organizing awareness and medical camps**

Herceptin works by attaching itself to the HER2 receptors on the surface of breast cancer cells and blocking them from receiving growth signals. By blocking the signals, Herceptin can slow or stop the growth of the breast cancer, giving a normal and healthy lifestyle. NAG Foundation thanks Live Life Love Life Charity Foundation enormously for extending such a helping hand !

This quarter we have sponsored 12 vials of herceptin and ancillary drugs needed for the herceptin at a total cost of Rs 428182.00

S.No.	Name of the patient	Amount (Rs)
1	Ranjana Jagtap	37469
2	Kiran Chavan	37216
3	Dipali Nijampukar	66256
4	Kalate	35840
5	Shweta Khumbhare	34496
6	Shraddha Chavan	11382
7	Munira Laljiwala	34700
8	Sondkar	34975
9	Poonam Lalla	34048
10	Rekha Avahale	34300
11	Tamboli	35000
12	Shweta Khumbhare	32500

### Do Good, Feel Good Inspiration

Philanthropy is not about money, its about feeling the pain of others and caring enough about their needs to help. **Timothy Pina**

Now doing good is just one step away, online donations are accepted on our official website
